to Bombay and requests sanction to the bill for Rs 200 already incurred.

9 The deputation to Bombay was for a period of 6 months from June 1913 to June 1914. The D G however states that the teachers actually joined the course at Bombay only on 1st Feb 14 (the G O sanctioning having issued on 6 Feb 14) The extension of the deputation for three months more from end of June 1914 upto September 1914 is recommended. The whole period of deputation will thus be only 7 months and 19 days ~~February~~ (from 1st Feb 14 to September 1914) instead of 6 months originally sanctioned. Increased allowance (subsistence) at Rs 25/- in each to the two teachers for the whole period is also recommended.

13) A lodging allce of Rs 15 p m was sanctioned during the period of deputation It is now recommended that this may be raised to Rs 25 p m It would be apparent from the notes on page 5 of Education 253 of 13-14 that the ~~Govt of~~ sum of Rs 15/ was sanctioned as a consideration in the shape of "lodging allce" while the teachers were not strictly entitled to any allowance Even as deputation allce under art 55 M S R they can get only 1/5 of Rs 50 = 10 Rs a month ~~Even~~ as daily allce they can get only $\frac{3}{10}$ × Rs 50 = 15 Rs a month The amount already sanctioned is within the above limits. It seems that it is not desirable to exceed these limits and raise the allce to Rs 25/

SIR

With reference to Government Order No 7557-8/Edn 253-13-3 dated 6th February 1914 sanctioning the deputation of Messrs K Srinivasaraghavachar and G S Subba Rao for undergoing training in the Davar's College of Commerce Bombay from January to June 1914 I have the honour to inform you that as the Government Order was passed on the 6th February the two masters could only join the College at Bombay on the 10th February The Principal of the College reports favourably about their progress in their studies and recommends an extension of three months to the period of deputation as some of the subjects they study - for example Accountancy - cannot be finished before the end of June 1914 During my recent visit to Bombay I discussed the matter with Mr Davar and I am also of opinion that it will enhance the usefulness of the two masters if they are allowed to remain at Bombay for three months more as recommended by the Principal I accordingly recommend that Government may be pleased to sanction the proposal

2 Next the two masters represented some time ago that the subsistence allowance of Rs 15 per month granted to them was too inadequate to meet their expenditure in a costly place like Bombay and

on

on this point also I assured myself that their representation for an enhancement of the allowance was well-founded There is no hostel attached to the College and the two masters have to make their own arrangements for messing and lodging, at the same time maintaining their family in their native places The charges for going to and returning from the College in the shape of carriage charges are also heavy In these circumstances I recommend that their allowance may be raised from Rs 15 to Rs 25 per month, with effect from the 10th February last, till the end of September next The extra charges may be met from Rs 4,000 provided for Honoraria for special courses of instruction under Commercial School, Bangalore

Letter No 1 dated 10th June 191 from [illegible] Subramania Iyer of Baroda to the Inspector General of Education in Mysore

---

As a result of the interviews and discussions I have had with you and other officers here I have arrived at certain conclusions about the best methods of developing Commercial Education in this State I shall formulate schemes after I return to Bombay and then send them on to you

The two questions seem to require immediate attention I have therefore to ask you to take my recommendation on them at once

1 Two experienced teachers have been sent by our Government to Davar's College of Commerce Bombay for a short course up to 30th September next As these are to be given responsible work in your Commercial Schools it is equally desirable that they should undergo practical training in Bombay before they return to Bangalore The busiest months for practising Auditors are from 30th June to 30th September and 30th December to 30th March I will therefore be glad if these two scholarship holders are apprenticed to a practising Auditor from 30th June to 30th September so that they may have an opportunity of familiarising themselves with the accounts of Private and Joint Stock Companies If you agree with me in this matter I am informed before 30th June I shall be glad to take them on as apprentices from that date for a lump premium of Rs 500/- (five hundred) for both the apprentices

2 If the two scholarships sent to Bombay are to start on 1st October it is highly necessary to provide a good Library of Commercial books before their return I recommend that a sum of Rs 1,000/- be at once sanctioned for the Commercial School Library so that the Agent may book it in Bombay or proceed to Bangalore to purchase the books by each Bangalore before October as soon as the purchase is sanctioned and intimated to me I shall be glad to draw out a list and arrange for the purchase in Bombay the bills being sent to you by the booksellers for payment along with the books As soon as I place each order with a book-seller I shall send you a copy of my order with details

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE

No 11322 / 499

Bangalore 7th January *1915*

From

RAO BAHADUR M SHAMA RAO Esq MA
Inspector General of Education in Mysore

To

The Secretary to the Government of
His Highness the Maharaja of Mysore
Departments of Education and Agriculture
Bangalore

SIR

With reference to your letter No 2170/Edn 25-3-13 dated 27th August 1914 calling for the submission of the scheme on the development of Commercial education in the State promised by Mr K Subramania Iyer of Bombay I have the honour to forward herewith for the information of Government copy of letter dated 27th October 1914 with its enclosures received from Mr Iyer and to state that he is reluctant to give further details of the scheme unless his services are engaged by Government The

1 Engagement to last for a year 2 A daily fee of Rs 50 to be given for the days spent in the province and a retaining fee of Rs 5 per day for the remaining days of the year 3 The total remuneration for the year not to exceed Rs 6 000 4 During the period of his residence in the State he should be treated as State Guest and allowed the usual travelling charges	) terms quoted by him for engaging his services are

in my opinion somewhat extravagant for our purposes at present

There

There is nothing very xxxxxxxxxx original in the outl
the scheme sent by Mr Subramanya Iyer and as a matter of
the lines indicated in his letter were as was explained to hi
when he visited the Mysore State recently the very lines on
which action had already been taken

I have the honour to be

Sir

Your most obedient servant

Letter No M 13 dated 27th October 1914 from Mr A Subramania Iyer Bombay to the Inspector General of Education in Mysore

---

As desired in your D O No 428 of the 15th instant I have now the pleasure to send you the outlines of a scheme of commercial education for your Province It is only a sketch but indicates the lines on which commercial education may best be developed in your Department It is possible to hasten progress by supervising and guiding the commercial teachers already trained and by selecting on the spot a few promising junior teachers giving them short theoretical and practical courses and making them teach the more elementary portions under supervision Details will have to be thought out and adapted to requirements from time to time by the officer in charge especially as the commercial teachers engaged in the earlier stages will not be men of experience

This will be the work of your special adviser in commercial education I daresay you do not expect me to work out elaborate schemes in detail before you settle my terms of remuneration and decide upon utilizing my services

If my terms are settled I shall be glad to work for a few weeks on daily fees or for a few months on a monthly remuneration or for a year for a yearly fee

As regards the financial cost of the whole scheme of commercial education it seems needless to make out estimates at present as the various portions of the general scheme will be introduced only gradually and one after another A budget estimate will of course be prepared and submitted when sanction for the introduction of a particular portion of the scheme and the establishment of a particular school is asked for

No II 14 BOMBAY 27th October 1914

THE OUTLINES

OF A SCHEME OF COMMERCIAL EDUCATION FOR THE PROVINCE OF MYSORE

Submitted by Mr K Subramani Aiyar B A L T F S A A

of 65 Apollo Street Bombay

Note (1) The scheme to be gradually introduced and developed as the supply of locally trained commercial teachers is gradually increased

Note (2) The details of the Courses and the syllabuses to be settled at a personal discussion with the Inspector General of Education

Note (3) Sections I II and III below refer to schools and classes mainly devoted to commercial education in the vernacular or in English

Note (4) Sections IV and V relate to commercial instruction being given in schools whose main work is literary or industrial i e in High Schools and in Industrial Schools

Note (5) The scheme is of course tentative and must be modified from time to time to suit local exigencies and the possibilities of securing teachers

---

I VERNACULAR COMMERCIAL CLASSES

Elementary Standard

(a) A complete vernacular commercial course to be covered by an hour s teaching a day for one year The syllabus will include (1) the drafting of simple official and mercantile

letters (2) vernacular accounts with slight improvements adapted from the English system of Accounts (3) the simplest portions of Mercantile and Banking Practice and (4) a knowledge of the Stamp Law with reference to the most ordinary Documents Students that have completed the Vernacular Standards will attend this class as well as young men that have already entered life with very little knowledge of English

(b) Short commercial courses on the above lines lasting for three months may be arranged for at different stations for the benefit of adults This teaching will be by itinerant lecturers

II SECONDARY COMMERCIAL EDUCATION

Commercial High Schools

About three Commercial High Schools to be started at three important centres like Bangalore Mysore and Shimoga entirely independent of the ordinary High School The training in this High School is to be mainly commercial and is to cover two years Students that have passed the promotion examination of the IV Form are to be eligible for admission into this School The subjects to be taught will be (1) English Composition with special reference to official and mercantile letters (2) Geography with special reference to Commerce and Industry (3) that portion of Mercantile and Banking Practice which is necessary for all kinds of business and (4) one voluntary subject either ~~[illegible]~~ official and mercantile accounts or Shorthand and Typewriting Students of Commercial High Schools will pass a Government Examination at the end of their two years course and be granted the Senior Commercial Certificate of the Mysore Government

III ADVANCED COMMERCIAL EDUCATION

One Central Institute of Commerce to be maintained at

Bangalore where Advanced Commercial Instruction is to be provided This course is to cover two years Students that have passed the Matriculation or the School Final Examination are to be eligible for admission They are to be taught (1) Official and Mercantile English (2) Commercial Geography (3) Mercantile Law and Practice (4) Banking Law and Practice (5) Elementary Economics and (6) Elementary Book-keeping They are in addition to specialize either in (a) Higher Accountancy or in (b) Banking or in (c) Shorthand and Type-writing Students of this Central Institute are to be granted a Diploma in Commerce

IV SPECIAL COMMERCIAL COURSES IN HIGH SCHOOLS

Groups of commercial subjects to be taught in Ordinary High Schools as Optional subjects for the School Final Examination as at present The standard required in commercial subjects at the School Final Examination will be lower than that required from students of Commercial High Schools

V SPECIAL COMMERCIAL COURSES IN INDUSTRIAL SCHOOLS

A short Commercial course covering from 6 to 12 months specially adapted to the requirements of each industry to be given in every Industrial school either in the vernacular or in English according to the capacity and qualifications of the students of the particular Industrial School

---

VI HOW THE SCHEME IS TO BE STARTED

1 A Central Institute of Commerce to be started in Bangalore on a small scale and to be gradually developed into an Institute providing instruction of all the kinds

mentioned

mentioned above This is to be a Model School where teachers of vernacular commercial classes and of commercial courses for Industrial Schools are also to be trained

2 This Institute may first begin with (1) a Commercial High School (Section II) and a Vernacular Commercial Class (Section I) the next additional class in this Institute will be an Industrial Commercial Class (Section V)

3 To my knowledge and so far as I know two qualified teachers are now available for conducting the Central Institute at Bangalore viz Messrs S Srinivasaraghavachar B A and G S Subba Rao B A recently trained in Bombay If the services of both are retained for the Bangalore Institute they can conduct the Commercial High School and can also assist in the teaching of the commercial groups for the School Final Examination in the Ordinary High School They can also start a vernacular Commercial Class in their Institute

4 If a few matriculates with teaching experience who have passed some of the Madras Government Commercial Examinations or the London Chamber of Commerce Examination in Commercial subjects are placed on special duty in this Institute they will watch and learn the manner of conducting a vernacular commercial class When these matriculates have gained some experience and training they can be sent out to the Districts for conducting vernacular commercial classes at the Headquarters of Districts It may be possible to send out Mr Srinivasaraghavachar or Mr Subba Rao to the mofussil to give the initial lessons for a week or for a fortnight

5 One Mr Srikantesvariah B A who has now passed the Intermediate Examination in Commerce of the University of Bombay and is continuing his studies for the Bachelor of Commerce Degree is already qualified to undertake all the teaching in t

Commercial High School If he is given a three months Practical Course in Bombay and recalled to Mysore before June 1915 a Commercial High School at Mysore can be started and the two High Schools at Bangalore and at Mysore can be managed by these three graduates

6 Three or four graduate teachers in the Mysore service may be asked and encouraged to privately study and appear for the Madras Government Intermediate Examinations in Book-keeping and in the Theory and Practice of Commerce to be held in April 1915 These if sent to Bombay for a three months practical course will immediately become fitted to effectually assist in the teaching of Commercial High Schools It will then be possible to hasten the development of vernacular Commercial classes as well as the Mysore Commercial High School in addition to the Central Institute at Bangalore

7 The advanced classes at Bangalore for the Diploma in Commerce can be started when more teachers become available Bachelors of Commerce of the Bombay University will become available in November 1916 and November 1917 some of whom being Mysore scholars
